The attainment of our goals at East Atlanta requires the overcoming of great obstacles. However, the students at our fine school are a new, "tough" breed—neither rain, snow, dust, nor lack of hair spray can keep this new breed from optimistically attacking both present and future challenges.

We all remember the Boy's Club Choir and the raising of the Confederate Flag at the pep rally, and few will certainly never forget what goes on in the individual rooms of the school.

Bobby

Jan.
Ote been a blast

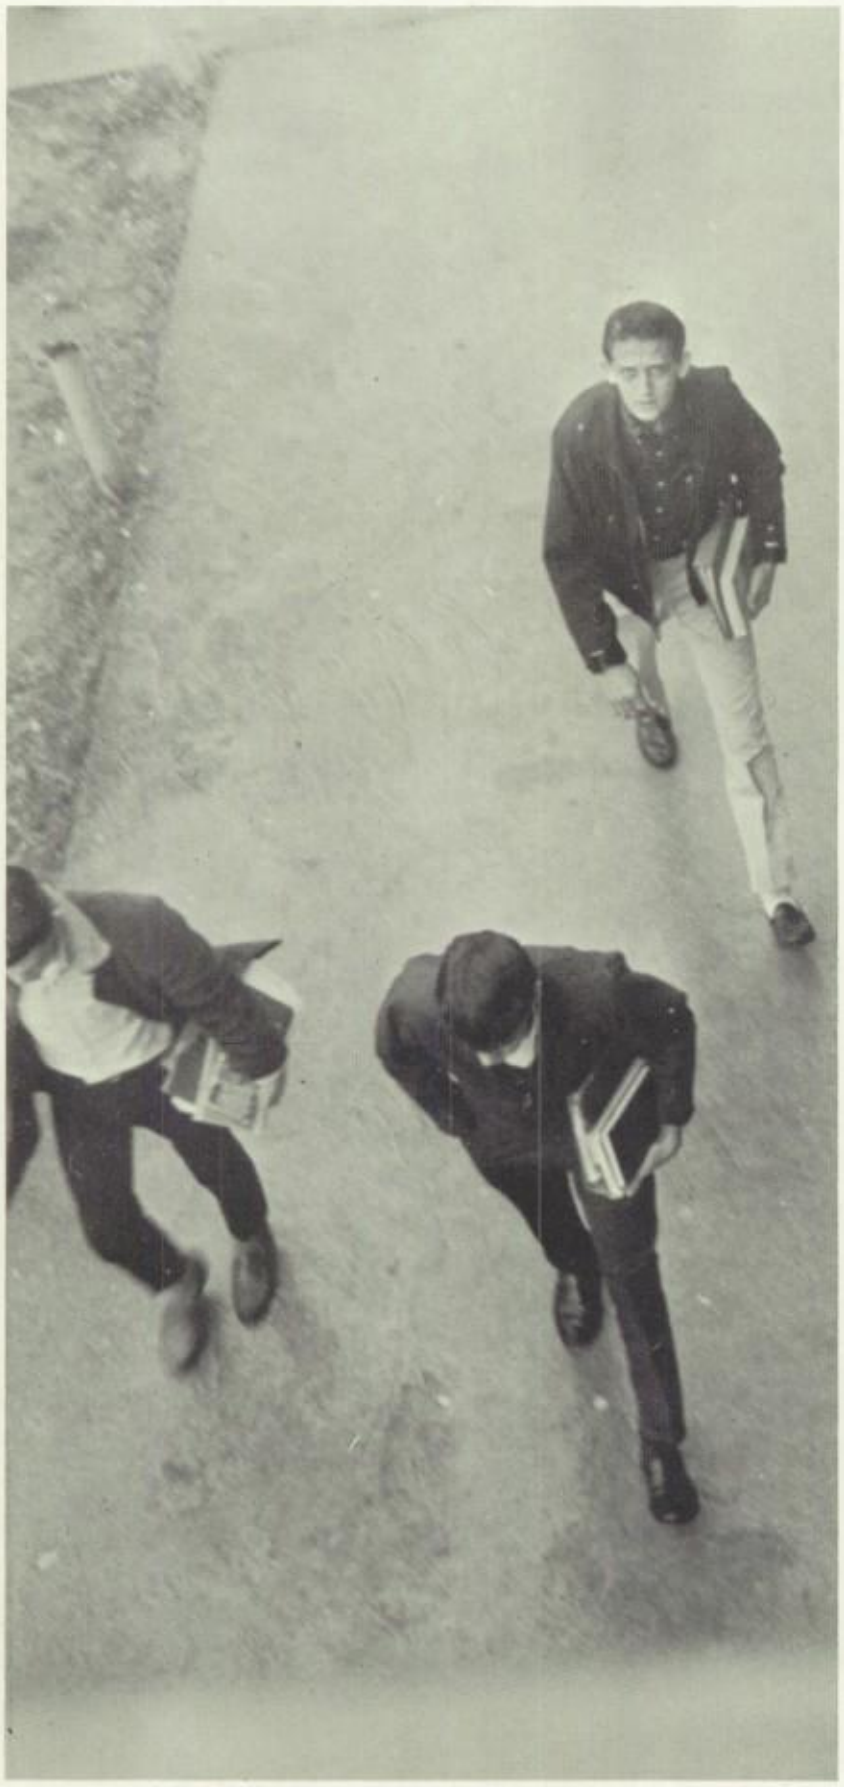
East Atlanta High claims to be a really high spirited high school. However if a friend is doubtful as to the veracity of this statement, take him to one of the many spirited "thump football games."

Some people enter high school and adjust to the change with no trouble at all. But there are a few exceptions . . .



. . . As some enter the portals of high school they assume totally different personalities. Some are bewildered, some show definite tendencies of aggression, some are apprehensive—But it takes all kinds.

Jan,

We've known each other for three whole years now and I've really treasured our friendship. you are a real cute girl with a winning personality and you deserve the best life has to offer.

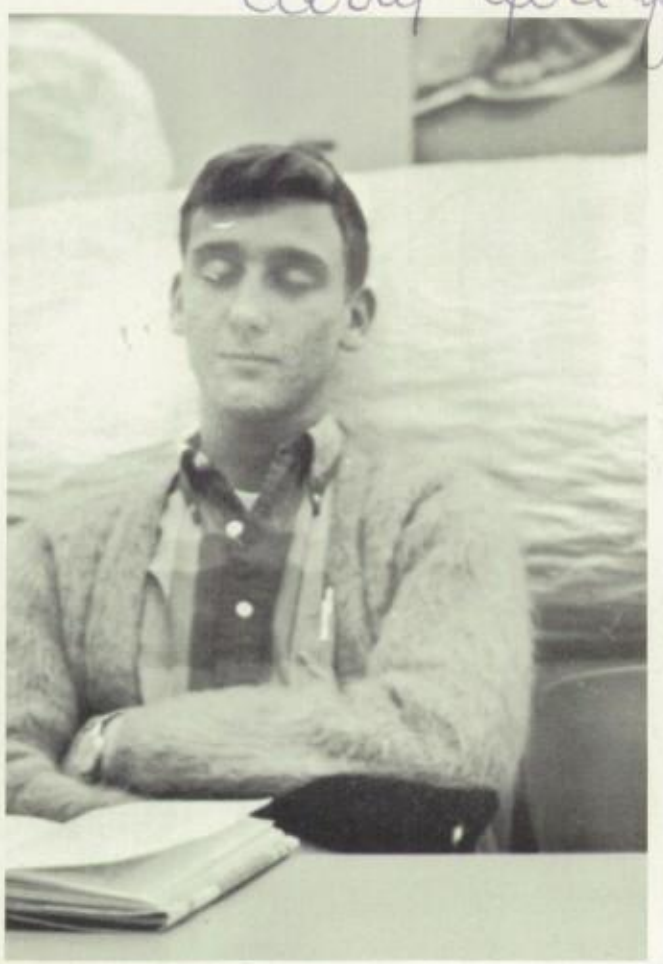
Although you are leaving us this year to go to another school, our remembrance of you will always be with me. Good luck in your ~~next~~ future years of high school

Love ya,
Gale
Sharpe

Jan,

I've just got through reading what you have wrote about you going to South West DeKalb. I'm sorry to here this, but I hope that you will have many friends over there. Jan, I'm sorry (now) that our freindships was not carried on further than it was back in the ninth grade. (But let me give you some advice, ~~Whenever~~ ~~you~~ the worst thing you could tell a boy is that you are older than him.) Good luck at S.W.D and in the future.

Love,
Jim



Jan,

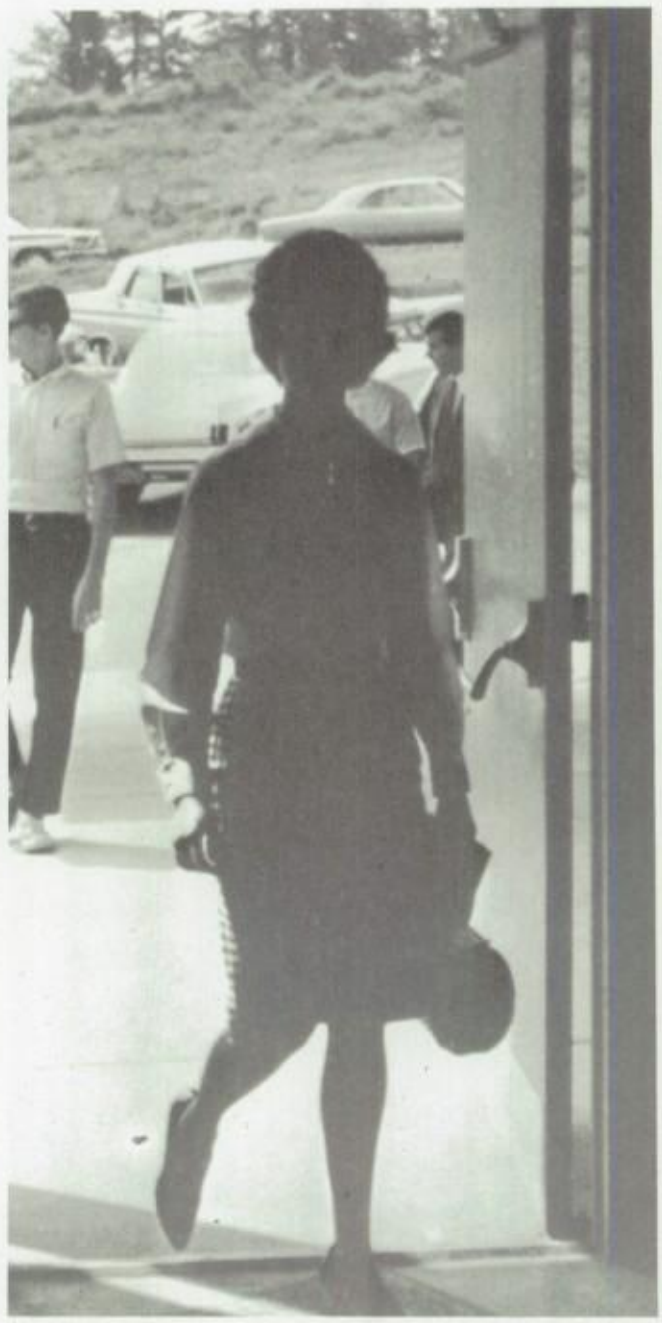
We Study Diligently . . .

Here have been presented some of the unique moments of life at East Atlanta. Perhaps some of the scenes were unfamiliar to you. If so, don't lose your cool, they were probably posed.

Jan,
This year has been fun knowing you. Hope we become better friends next year. Love ya!
Ann McKenney



In a world where so many people are afraid to express a sincere opinion, it is an unusual experience to encounter a person like Miss Eloise Penn who will dare to express her beliefs regardless of what others say or think. She expresses personal convictions to her students that they might learn to think for themselves and form their own philosophies of life. In doing so, she is more than a teacher of English, but a woman who helps students discover hidden truths about themselves and their heritage. She helps form the minds of young people with hopes that they will not be led astray by every fly-by-night "reformist" that comes along, but will make their own convictions and hold to them.

Because we appreciate what she is as well as what she does, we of the Predator Staff dedicate the 1967 yearbook to . . .

MISS ELOISE PENN

Jan,
This year in English has been a blast.
It's been great knowing and being a friend of yours here at L.A. and at Jordan for a while.
I hope you like your new school next year.
Good luck and best wishes always.

Love ya,
Debbie

In the life of every young person, there are those who mold him into a useful member of society by sharing with him their experience and knowledge. Of all the years I've known you, I think this year has been the best. I guess because we had something in common to talk about. (I can't write a straight thing) We have had plenty of fun in these past years. You're a great person to know and also a swell roommate. I'm sure you'll always have the best of everything. I hope this year won't be the last because you'll always be my very best friend. I hope you get Ronnie. Thanks for all the help. I don't really know how to begin to tell you what our friendship has meant to me but it will always be treasured and cherished.

Love ya always,
Bev. M.

Seniors, Class of 67

Attaining the position of responsible young adults takes place during a phase of life called the teen years, and for the most part, teen years and high school years are one in the same.

As seniors we can look back over both our accomplishments and our failures with the realization that a large portion of our life was moulded during these years. We will walk into the future armed by the thoughts, ideas and experiences gained in high school and somewhat aware of the bewilderment, dejection and elation of life.

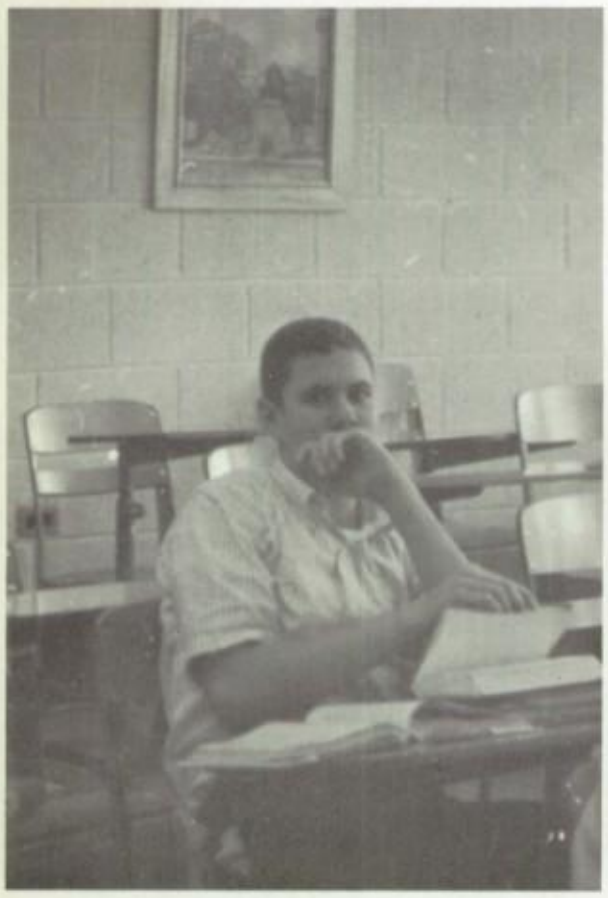
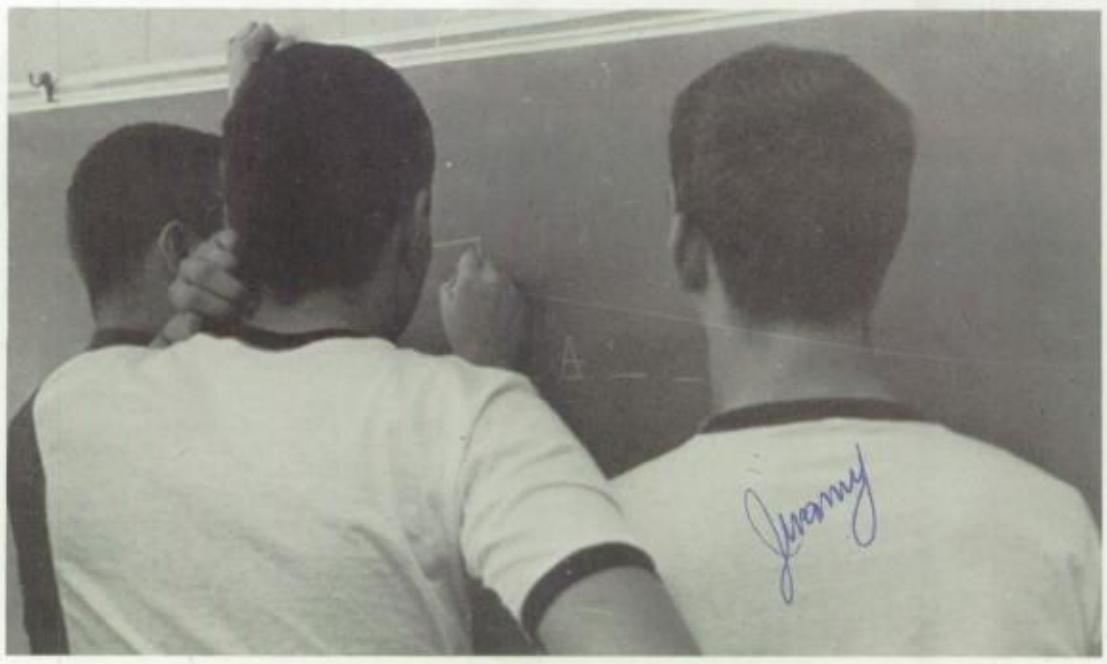
Smile . . . even though you're failing.



Three more seconds . . .



They say that three heads are better than one . . . it must depend on the heads.

Dan,

You have been a love, sweet, girl this year. Especially when you put up with my bibbling you about the big guy. Yes, lady you have been soooo. My Best Wishes go out to you as you journey to Southwest DeKalb. This school will really miss you. It just won't be the same without a Gaddy around. Strive always for your goals. You are going places, I can tell. May God Bless & Keep You.

Love
Wendell

The EAST ECHO

Within the structure of today's modern educational systems, there can be found one basic flaw—the newspaper. In endeavoring to overcome this handicap, the EAST ECHO has achieved success at East Atlanta. It is one of the better publications of the school, ranking only after the PREDATOR and the daily bulletin.

The mixed choir has long been a favorite attraction with the student body at concerts and assemblies. They have also won high ratings at district music festivals. And with the choir bigger and stronger this year than it has ever been before, this year will hold even more honors for this group.

Mr. Burns pleads for expression in the voices of the choir.

'Hey, who's the short guy on the end?"

"This bench ain't big enough for the both of us."

I must not sing rock 'n roll in mixed choir. I must not sing rock 'n roll in mixed choir. I must not . . .

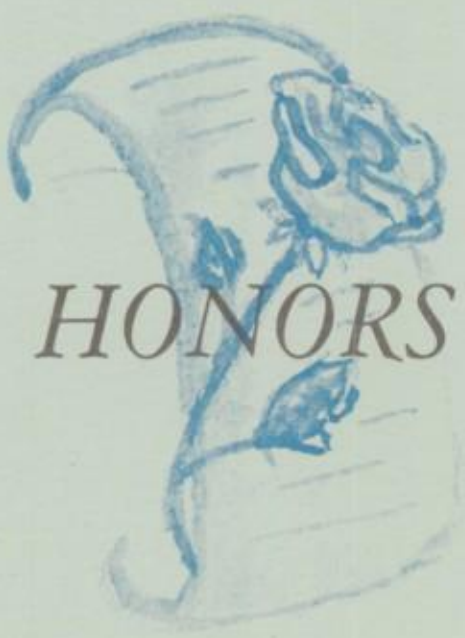
honors. (I'm an honor)
I really can't begin to tell
you what your friendship
has meant to me this year. I
sure will miss all the ofra times
we had. like at the dances (remember
the -bars) at lunch and in gym. not you
just want seem the same without you. I know
you will be a great addition to SWD. If ya ever
get tired of them, there will always be a placed reserved
for ya here at E.A.H.! (yeah!) you're a very sweet and cute
girl with a tremendous personality and understanding. I
know you will go far in life cause you really deserve it.
God bless you, always.

Love,

Debbie

P.S. I hope to see
you this summer.
O.K.?



HONORS

"RESERVED"

Jan,
I don't know where in the world to start! I'm not one for writing. But, I will try!

These past two years I have really had fun a blast here at EAH! Being one of your many friends has helped add to my fun! Even though you are moving after this year is over, I don't think our friendship will end here! We have been very good friends these two years and have been through all sorts of <u>heck</u> together and I know there's more to come! (Contrary to what you know

You are a very cute girl with a fabulous personality what more could a girl asked for? You have all the fine quality of living understanding and believe me not very many people possess that! One of these days you're going to make somebody a good mate and if somebody doesn't wake <u>he's</u> going to miss the chance of a lifetime! And I hope for his sake he will!

I don't know what else to say, Jan! You know you are my very, very best friend and I have told you things I'd never tell anyone else! I guess thats why we've been such good friends is because you listened and didn't tell me how stupid and silly I was! No matter how stupid and silly I was!

I guess if it wasn't for you, me + Bobby would have stayed apart all those times and. I couldn't have stood that! Therefore, I am thanking you from the bottom of my heart! One reason is allowing me to be one of your many friends and because you were just there when I needed you to talk to me! I know what you must have gone through! Well, this is not half of what I want to say, but you know the rest! Just one more thing. Jan! I wish you would try Slurping at your 7-11 Handy Pantry Store! You'll loose your fuckles! I + A!

Jan,
I have known you for many years now and I think you are a real cute girl with a great personality. I can remember when I would be over at Heather's and you would come over there and some of the stupied things ~~we~~ we would do. We would always do something stupied and Heather's mother would always get mad at us but, she wouldn't say anything until after you had left. And when she started getting mad that's when I always left.

Next year you will be moving up to a Jr. and then just one more year and you will be a big high class Sr. Good luck in your future years of high school and I hope you will like DWD. There some nice people down there but make sure you don't get in with the wrong group of girls, because there is a few down there that think there great.

Randy

Jan,
Well, I hate to say it but since you are going to S.W.D. next year I guess this will be the last yearbook that belongs to you that I will be signing. I have known you for a long time, we were together in Kindegarden, 1st, 2nd and then we were seperated and I didn't see you until the 8th grade, I know I was privileged to ever get to see you and to let our friendship continue growing. Our friendship is something I will always cherish and remember all my life. It has been a pleasure going to school with you and seeing you at school activities. And I assure you that you will be missed during the next two years at E.A.H.

you are a very cute girl with a great personality and sence of humor to match which will help you fulfill any of your future plans and goals.

Jan I hope ever though you are leaving E.A. that you will feel free to call me if you ever want to find out what is happening at good ole E.A. you will feel free to call me, and I will be glad to tell you all the gossip, O.K.

Lots of Luck and May God Bless you.

Editors' Epilogue

No doubt by the time you get around to reading our little piece here on the last page, you probably have searched high and low throughout the book to check on the number of times you are pictured, have signed and received many autographs, have checked for misspellings and errors, have looked at and read the rest of the book over several times, and wondered why in the world we couldn't have found two better pictures for this last page. Even so we anticipated the eventual reading of our Epilogue . . .

"After many differences of opinion and sometimes complete chaos we have finally put together your annual for the year of 1966-67. We hope you like it."

Ginger Jeanes,
Stan Lowery,
Co-editors

Jan,
I've really got to know you this year and I can truthfully say that I've thoroughly enjoyed every minute of it. You've got a great personality that will carry you far in life. If we are separated after High School I will always remember your beautiful "red" hair. Good Luck in your Junior and Senior Years at East Atlanta.

Love,
Gene

Jan,
Words can't express our friendship. We have been "buddies" for 12 years now. And I hope we can continue to be "buddies" for 12 more. We have shared secrets, dreams, joys, and many more things. There have been times when we have cried, laughed, and joked with each other til wee hours of the night. I'll never forget those days, how could we? And I hope there are many more. You are the smallest friend a gal could have Jax, and just because you have moved doesn't change things! May you accomplish everything you undertake and I know you will succeed in everything. Don't never change your disposition and character and always, always be yourself.
Good luck always Jax and Good Luck, too!

Love Ya,
Paula

Jan,
You're a very cute and sweet girl. I've enjoyed having you in my English and Biology this year. We have had some fine times in English. Good luck to you in your future years at Southwest Dekalb.
Love ya,
David

"Reserved"

Jan,

It has really been a pleasure to have known such a fine of a girl as you. You've got everything a girl could possibly want; looks, personality, and friends like me. It breaks my heart that the two best friends that I have in the world are moving + going to another school. You + Skelley are leaving me here to face my last two years alone. I know we will keep in touch but it could never really be the same unless you kept on going to East Atlanta. You have really been a great friend to me this yedr. You've given me advice + we've shared a whole bunch of gossip. I don't think anyone could take the place of you + Skelley in my life even if they tried. (SNiff, SNiff) You have made my life a little bit brighter than it was before (which is more than I can say for some people I know). You are a very cute + sweet girl that everyone knows and admires. If the world was full of more people like you it would truly be a great place to live in. Well, I guess that there's not much else I can say; that is, not much else I could put in writing!

So, I guess I had better close now just leaving you with this one remaining remark. "Good luck + Best Wishes at South West Dekalb and try + not break too many boys hearts!"

With all my love,

Carolyn
